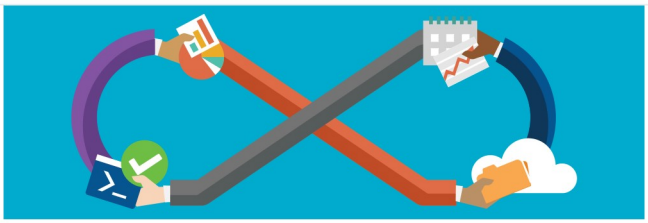
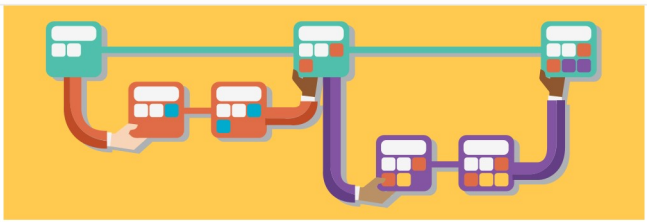
DevOps Resource Center

This center combines our resources on learning DevOps practices, Git version control, Agile methods, how we work with DevOps at Microsoft, and how you can assess your own DevOps progression. Alternatively, you can jump to documentation on getting started with DevOps on Azure, or to dive in, start your own Azure DevOps project. If you're interested in practices, read on.



Learn DevOps

DevOps is the union of people, process, and products to enable continuous delivery of value to our end users.

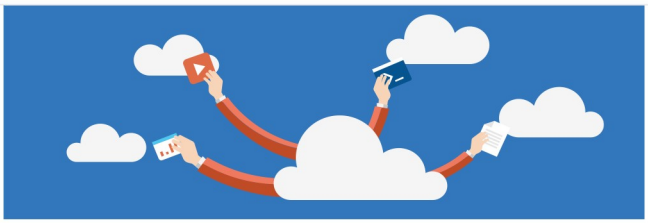


Learn Git

Git is a distributed version control system to track changes you make in your code over time.

Learn Agile

Agile approaches to software development emphasize incremental delivery, team collaboration, continual planning, and continual learning.



DevOps at Microsoft

This center will keep you current on how we adopt DevOps at Microsoft. We've selected the best videos and articles from both public conferences and internal training sessions.
